The flash makes no different, the flash can easily not be targetted onto the tree and wall, the focus of the subject was the fish, and thats why its lit up. Im not seeing your point of the vest, im seeing nothign unusual.

Not to mention, the pictures exif data was taken from an iphone. Which would match up with what he has...

Like i said, doubt its a photoshop.

Polk, thats interesting, since it says your in Pottstown and he lives in limerick.

Sorry but you will get some spill off of light around the subject. Download the photo & enlarge it. It's a perfect smooth cut on the corner of his vest.
