Good internet sleuthing by Team PAFF here. Given the context clues about the location, and that second pic, I could make a pretty good guess I think...at least to the watershed...but I'm not 100% sure so I don't want to inflame anything and name a pretty good stream if I'm wrong. If it's where I think it is, it's not that secret though.

Mute – I'll PM you my guess. If that's in line with what you guys think, let me know. If you're somewhere totally else, don't tell me where.
