If you kill a brown trout under 7 inches in Lyman Run, you would be in violation of the law. **I know**

If you kill more than 5 brown trout in Lyman Run, you would be in violation of the law. **I know**

The regs the PFBC has in place state-wide to protect brown trout populations from over-harvest are also in place on Lyman Run.

So why do they allow you to harvest browns & not brookies from a stream that has way more brookies then browns if they want to protect over harvest of the browns??

Maybe they just want the bigger ones to be harvested so they can't eat the smaller brook trout.

P.S. There I go again, I used the "they" word! 😊
