Pontus - Good to see you stuck with it.

Our newbies are destined to become good fishermen because they're smart enough to seek out information and knowledge.

Looks like you've still got that drive to learn. It'd be great to have you come to a newbie event and pass on your experience. We've had several Newbie "Alumni" become instructors at newbie events, and they've done a great job.

Gimme a shout if you can ever make it up this way and I'll set something up. "Newbie Class Reunion".....hmmmm. 😊
