I was out for a couple of hours on Saturday with my brother, fishing a local DHALO we favor. Some of you have met Pete at the "Fish and Chips" event last year, where he caught his first trout "on the fly".

We had been out last week and he was having trouble seeing the fly on the water. So, Saturday, I set him up with a size 10 stimulator ahead of the size 10 brown comparadun I set him up with.

He then proceeded to out-fish me for 2 hours, catching four to my none. I finally hooked a couple, but only managed two to hand and a couple of ling line releases.

Pretty darn satisfying thought, since I got him started FF'ing, set up the dropper combo for him and tied the flies he used to kick my butt.

Looking forward to the next opportunity to get on the water with him!

Added a pic of one of his victims 😊
