Dear Tim,

Nice fish. This summer I am going to try to concentrate more on WW then trout as last year I thought FF was all abt trout.

I am getting excited for some WW fishing in the upcoming months but at my stage ... Rock bass don't annoy me.

😊. I take'em anyway I can hook'em.

Maybe one day this year I'll take you up and you can show me some pointers and techniques in prospecting SMB.

Regards

Stagger
