Never have but I'm sure you would have enjoyed that old timer ;) Didn't find any moonshine but did stumble upon a nice grove of marijuana that I helped myself to. Ran into a very nice fella named Skinner, spin fisherman, caught 17 trout and released, Saturday morning. He was promoting a neat little local lure, the Niti-1, all he uses. Had a great time as usual, killed four rainbows for the frying pan and threw all the brownies I caught up on the bank to fend for themselves. Sorry I didn't run into ya, was looking for a disgruntled one-legged purist, but all the aging men I saw with a fly rod had 'em filled with mono an minnows on the hook. Until next time.....
