what people don't realize is that the ONLY people going to profit from this is the mining company, and the politicians that are up their asses. everyone else will have to deal with the damage. we've lived this long on this planet without mining here, don't think we need to tear it up now just to live. but greedy #censor# think it's the only way.

comment submitted.

It's also worth mentioning that the two mining companies that own the rights to the Pebble deposit are both foreign companies.
