Nah .. not in the cards but fishing, drinking, eating and guitar all sound like a blast. Another time I'm gonna try to fit it in.

Your loss Stagger - usually the brook trout zen master (Pcray) takes some newbies out to learn small stream brookie fishing - just watching him bow and arrow cast is worth the trip. 😊

Anyway, glad to see you got in some brookie fishing and can now relate to what all the fuss is about around here. Good stuff.
