Dear gfoledc,

Shohola Lake hands down. Not only is the fishing excellent for bass and panfish there are several other lakes in the immediate area that are equally as good.

Stay here

It's just my opinion, and I'm sure others will disagree, but I'd never put 2 kids in a canoe on a lake full of drunken powerboaters like Raystown.

If Shohola is too far to go for three days check out VRBO.com. They offer a couple of nice places in Sullivan County, one of which has a private 7 acre pond. There are also a couple of other lakes in the area where you could take your canoe like Hunter's Lake or Lake Jean.

There are other places even closer to Tyrone listed on VRBO.com.

Regards,

Tim Murphy 😊
