Osprey - I'm lucky to have my brother, Pete, and friend, Dan around to fish with regularly. Never any real competition, just the friendly, taking shots at each other type of fun.

I'm as happy seeing someone I'm fish with into them as I am getting them myself. (Well, maybe almost as happy!)

It's great being able to take some of what Dan (who's responsible for getting me started FF'ing) and many members of this board have taken the time to show me and pass it to my brother.
