Trout Unlimited has a guy who has been assigned to the position

The "guy" is Amy Wolfe who is the project coordinator for Kettle Creek Watershed Association and is the Director of the Eastern Abandoned Mine Program for TU.

Osprey is probably talking about Mitch Blake the PA TU Marcellus Shale Coordinator (mblake@tu.org or 814.977.0007). Having said that, the concerned party of the original post should likely contact Amy regarding issues with Kettle Creek.
