I own a driftboat and would never recommend anything else, however - if you are specifically asking for use on the BW river - I have to tell you that a driftboat is not feasible. I own 2 kayaks that we run on the Brandywine from D'town to Delaware with no problems - yaks are your best bet for this stretch of water.

Rafts and other pontoon style boats are options to fish out of but for the BW, I would stay away from them. They are not necessary and you'll just spend unnecessary amounts of time forward rowing...

This is my opinion. If you need any other info on this or the BW, give me a shout.
