Any of you guys ever fish the LS up in the gamelands? Since moving to Carbon County I've been trying to explore some new streams to fish. To date I've only fished the LS in New Ringgold but I was exploring the upper LS in the gamelands just prior to the season opener and it looked like nice, picturesque water to spend a day exploring. Wondering if it's worth the hike in?

BTW, I left a bright orange 20ft check cord (I was hiking with my drahthaar pup) coiled up on a tree branch near the stream. I didn't realize it until I had hiked my way back up to the top of the ridge. Steep hike and I had a bum knee, so I opted to hopefully find it on my next trip in.
