Well I got around to uploading some photos of my trip. Me and my best friend Paul have been doing a trout trip for 12 years, fishing many different streams but Bob's has been our spot for the last 3 years. I'm on the right. Got to work out my new, old, glass rod and my dad's old Pflueger. The two best trout I caught were both 12" brownies, both released. A nice native brookie out of one of my favorite holes about 7 inches. A huge cased caddis and my pattern I tied to match, there was a pupa inside. No takers on my pattern Osprey. A nice panoramic view with my dad to the right. Another great trip! Next year I'm taking Paul to Penn's for the first time and adding a day onto the trip length.
