I just feel dirty after fishing the mighty Neshaminy. Line needs to be cleaned, boots and waders smell like chit, sweating like a whore in church....that's why I haven't been there in 5 years or so. It stinks too because I live 2-5 minutes from all of the spots mentioned as "good" places to go. I'd rather spend 3 hours in the car to fish an hour and a half, than fish 4 hours on the Neshaminy. Mind you I'm talking trout fishing. Good place to teach my son to fly fish for sunfish and smallies though, and I have a few spots to target carp when the cicada blizzard starts.
