Dear John,

Folstaff

I just started using mine even though I bought it 2 years ago. It makes a great deal of difference and if you are a big galoot like me you'll quickly appreciate the quality of a 3/4" Folstaff.

There are others that are less expensive but they sort of remind me of the old International Scout commercials of the late 70's that ended "International Scout, Anything less is just a car."

In my case as far as wading staffs go, anything less is just a stick.

Whatever you decide get something. You'll likely fiddle around a bit until you settle on a carry position and the best way to deploy it but once you do you will appreciate having the extra leg.

Regards,

Tim Murphy 😊
