too many favorites to mention, from the fantastic hatches and fishing AND catching, exploring new streams, the comradery of fellow members, hanging out having beers at night, coffee in the morning, casting different rods, listening to great music, meeting old friends and new, I mean, the list just goes on.

AND it all takes place in one of the most beautiful spots in PA, I love the ridge and valley region, the friendly people, the scenic farms, dense forests, tumbling brooks and of course those wonderful limestone streams, really makes me want to pack up NOW and move out there. That will have to wait a couple more years, but I WILL live somewhere in that region, everything I love to do is some of the best in the world right in that area, and I can't wait to do it from my doorstep someday.

thanks to everyone that made it one hell of a weekend, can't wait till the next one!

oh yeah, I won the freaking trip to harmons!!!!!!!!!! HA!
