Ah, geez, I hope the folks at BASSMASTER don't read this. We'll have jumpsuits scooting all over the water! I've been fishing that area every year for 20 years and catch many nice bass.

Despite what their survey says about years past, the fishing has always been solid to good . Though, imo, not near what the Susq. was in the 90's. That was surreal.

In fact, one of my biggest ever was taken right in Oil City where Oil Creek empties in. 22" about 5# on a popper!

Thanks for posting Dave.
