One of the things I really like about smallies, is after fishing for trout all spring and matching hatches and tip toeing around and kneeling and mending and getting good drifts and worrying about strike detection....blah, blah, blah...just tie on a chartreuse popper...cast it out...and if they are on....Kaawok!...TRY to keep them off the hook.

Don't overthink it.

I like the cut of your jib. Hopefully I can give it another go this weekend.
