True enough. I guess I've never been perfectly satisfied with the vest or pack I am currently using. Anyone else like that? I added a velcro holder for my cigar and a rod holder to my last pack. Anyone else "hack" their vest/pack? Add straps/tabs/pockets?

I was going to add a rod holder (velcro) and then found the Smith Creek Rod Holder...decided to spend the \$ rather than try to make one out of pvc pipe and neoprene foam.
