Why not spend \$50 less and get one made by the guy who's name is- was on the company?

[http://www.southforkrodcompany.com/sf\\_glass\\_rods.html](http://www.southforkrodcompany.com/sf_glass_rods.html)

"The blanks are rolled by Margot (Redington), trimmed and ferruled by David (Redington)."

For \$20 more, you can get one made by Lamiglas to David's design and his handiwork in wrapping it (at least the one example I had):
