ryguyfi.....I purchased some flies recently from Fishing Fly Box. 75% of the flies were received under 3 weeks from order. I believe that they were shipped domestically as I didn't see any foreign looking postage on the package. Possibly from the midwest. The flies are cheap and the hackle comes undone faster than my hand tied flies or quality purchased flies. Milton (works at Fishing Fly Box) answered all of my emails promptly and offered me a 10% discount on my next order due to the backorder. He recently informed me that they're receiving 700,000 flies on Saturday and that my backorder will ship next week. We'll see.

Cons: Hackle comes undone too quickly, high shipping charge, website doesn't show pictures for a lot of their flies, backorders.

Pros: Good customer service and CHEAP flies!! I don't even know if I can tie some flies for much under \$.039.
