As awful of a question this is to ask, i do have good reason.

My wife is in the home stretch of our first pregnancy and is due here the end of the month but was told by the dr that chances are she will go early. The onlu stipulation this has on my fishing is wherever i go i have to have cell service. I know i have service on spring creek and in most parts of the cumberland valley. But i was really looking forward to hitting the little j next weekend. I know spruce creek is a dead zone, but what about barree and pertersburg or tyrone end?

Thanks for the help
