Oh yeah I forgot to mention that the cabelas prestige plus is a disc drag. You never know when you may need it. More often than not you don't, but when you get some line shy fish and are using a 7x or 8x tippet you will. I would put a link up for you but I'm pretty new here and on my phone so don't know how. Cabelas Prestige plus. They have a 3/4, 5/6 , and 7/8 all in stock and they have some other stuff on sale also so check it out. ( and I don't work for them) lol. I probably sound like I do. Ha
