Are you the Doctor? I was always under the impression that the Doctor is the one who needs to be there for the delivery. He is the one getting paid not you. Of course this theory was not true for me. I ended up having to deliver our own son in our house because we did not make it to the hospital in time, and guess what? The doctor still got paid and I didn't get anything. I always told my wife that I didn't need to be there I wasn't the doctor. I guess she proved me wrong. Good Luck with everything. I would recommend staying close to home to fish.
