Translation: *Very Good Fly Casting*

I was coming off the Yough yesterday when I noticed a truck parked along the road that had a sign on it, www.mauri-flyfishing.com. A gentleman was just closing the door and greeted me. We exchanged brief pleasantries, I noticed his German accent, and told him fishing was OK with a few caddis in the air and we wished each other a good day.

Out of curiosity when I got home, I got on the website and was surprised to learn that he was international casting instructor, Michael Mauri, and lives only a few minutes from the Yough. He fishes instructs internationally, but I find it interesting that of all the areas in the state he chose to live in, SW is the one with the worst trout fishing. Anyway here's a cool demonstration of the man's casting abilities...
