Mike-

Thanks for the advice. I agree that you need learn to walk before you can run. As you know its really expensive to get started. I dropped over \$30 to make some woolly buggers.

Delta D recommended I go to Elk Hair Caddis next so I thought about buying the Cabellas Gunnison Fly Tying Materials Kit for \$25. Seems like a good deal for what it comes with. Any thoughts or recommendations on a different kit?

I just got a copy of The Art Of Fly Tying. It has some really good stuff in it.

Thanks Again.

Launce
