Father works for PPL we have vacationed at Wallenpaupack for years at PPL's cabins. They just tore them down for no good reason. Anyways, yea great area. Found an awesome place in Snow Shoe 11 acres and less then 10yr old cabin. Mother is interested, so I have my hopes up. Black Monessen (Sp?) runs through property. 40 minutes from S.C. but whatever.

Black Moshannon is the stream name. Nice area - there may not be a better central location that has as wide a variety of angling opportunities within a 1.5 hour radius (Center CTY streams, ANF, NC PA, etc.)

I am now assuming they are looking to buy? Initially I was going to suggest <http://restandrepast.com> for the State College area...

Yea they are looking to buy. Tis the reason I am excited. Lol
