Did a lot of scouting today around the lake. I have found them to be really only on the opposite side of Preachers Camp Launch. Also, they are far an few in the fields area. Concentrate on the section of the north side of the lake where the woods run up to the lake. I am still amazed they are all along Pohopoco Dr right until you get to the end of the lake at the dam. Not a freaking peep below the dam, Po would have been amazing.
