It looks like this will be the last JAM I organize. The preliminary window looks to be somewhere between September 18 and October 13. I'm open to hearing feedback or suggestions. Would like to get it on the books by early August.

As usual, Delaware (and branches), Beaverkill, Willowemoc, Neversink or other rivers will be fished. Will the fishing be awesome? I can't answer that until the last day of the trip. Lots of variables up there but we will find fish.

Hatches- slate drakes, olives, peach fly, hebe, October caddis.

Fishing will be done by wading and / or floating. Nymphing, dries and even streamers fish well at that time of the year. You can get some browns strapping on the feedbag prior to the spawn.

Usual location..... The Capra. Food, drink, fish stories and hopefully..... Big Frank.

We will also organize a raffle with the money being donated to FUDR. If you are interested, sound off. If you want to help with supplying stuff for the raffle, send me a PM. I've funded it the last couple of years and don't know if I can swing it this year.
