Lower Bald Eagle has a bit of everything. We caught this back in 2000 below the dam. There are lots of panfish, some decent smallies, walleyes, catfish, tons of carp, and a muskie here and there. Certain spots on lower Bald Eagle have trout. We used to fish small poppers for panfish. If you fish above the dam stay below Milesburg. Lots of trout. If you want panfish you can fish the dam also but as far as bass go you are probably better off going for smallies in lower Bald Eagle. There are largemouths in the dam but most decent ones are holding deep this time of year.
