Did a lot of scouting today around the lake. I have found them to be really only on the opposite side of Preachers Camp Launch. Also, they are far an few in the fields area. **Concentrate on the section of the north side of the lake where the woods run up to the lake.** I am still amazed they are all along Pohopoco Dr right until you get to the end of the lake at the dam. Not a freaking peep below the dam, Po would have been amazing.

Stay the heck out of my part of the lake! 😊
