hey all.. changed plans a bit and will be driving from boise ID northwest to Seattle. Anyone know this area, and have recommendations for, preferably wild, trout fishing a few hours northwest of boise, not farr off i84? ? looks like plenty of spots, but hard to figure out what is what, some general guidance appreciated. the state fish and game tnd to focus their info on stocked trout ponds, at least in NE oregon.

thx in advance

mike
