Got their later and missed what sounds like could've been a very memorable day for Stags but that will happen sooner then later.

it was definitely an awesome day to say the least. wish i could have met ya but life has its priorities, hope the mrs got through it moderately well at least.

Yea .. she chilled out by 12ish and I headed up shortly afterward. No way we were going to drop off in 2 cars (what I intended on doing) and left abt 12:30 ... got to the LL arnd 1:30ish. Ole stagger was a lill upset on the ride up but the rest of the day of fishing cured all dat!
