I have a campsite at Poe Paddy reserved this Thursday night through Sunday and had planned a nice relaxing long weekend on Penn's Creek.

But the water temperatures are not very conducive to continuing with this plan.

I am looking for a plan B and frankly I kind of have fishing-block for the perfect idea. I am too much of a creature of habit with camping and fishing Penns Creek!

Can anyone suggest a good plan B, C, or D within 2.5 hours of Leola, PA? I have a couple of ideas, but I am not too attached to them yet.
