EP .. You met me (didn't fish together) last year @ Valley and thought I was alright for an "anarchist". 😊

I'll fish with anyone no matter of their beliefs and when the time comes for me to teach ... I'll even pass it on to a lefty hipster tho I may mess with him a lil. 😊 Now get me tanked @ a bar and start talking politics ... all bets are off (lol)

Damn ... I'd even fish with SBeck(ham) and he's a soccer loving fruit-pop!

Let me know sooner then later if Tues will work but again, I def won't be there until 9:30ish if I can do it .... not sure what that (time) means re: tricos. If not; I'll try to get with the better 1/2 (EP she has NYC liberal tendencies) and see what days she is taking off.
