For Sale is the **William Joseph Confluence Chest Pack**. It's in very good condition except for one minor issue, the foam "fly holder" patch on the inside came unglued, I might still have it, and you can glue it back in, but it will probably come unglued again if you fish on hot days (what happened with me). This pack retails for \$149.95. Check it out here:

<http://www.riverbum.com/William-Joseph-Confluence/>

**\$95 Shipped or Best Offer.**

Pics available upon request.
