Am I crazy...Eagle Claw Featherlight!?

So I was at the local bass tackle mom and pop store near me and saw an eagle claw featherlight 6'6" 3/4 weight and I think I fell in love...glass rod for \$26! Here is my question...the paperwork on the shrink wrap says this is a 3/4 but the blank says 5/6...does anyone use this rod just for kicks and if so, what line do you use? Thanks!
