Hey fellow carp chasers! If you could be so kind as to help me out.... I entered a smallest carp photo in the Orvis contest and could really use your votes if you haven't entered yourself.

I greatly appreciate it! Mine is the first photo in the category, yes the handsome devil in the cool shades with the undersized carp!

and yes... I know it's not the smallest but many of the others can't even prove they were fly caught!

Thanks so much for your help :)
