Also fished it Sunday. Water temp just got to 70 at 1:30 so we left. Fished just above ya. Caught some smallies and a pile of bows....including 1 eyeball from a trout that looked at my caddis emerger just a little to close as I picked up the cast. Yuk. Water stayed in the 67-69 degree range for most of the morning. Freaking trico blizzard and the fish were not user friendly. Had to work hard for them.
