Perhaps a little later in July they ll be more interested in them. Work and rain kept me off the creeks this weekend so will try for the 4th.the LL has always been my go to creek because the fish are always there. I usually fish along the park system below the c and r. Usually good for a dozen or so on trikes and small grey hackles.

Would love to try the Bushkill. Might give it a shot as it ll be nice to stand in some unfamiliar water for a change.

Thanks for your replies.
