Smokemont has a lot more sites than Cataloochee. Cataloochee only had about 2 dozen sites, and you MUST reserve in advance. Smokemont has well over 100 sites and 90 are still available for the week I'm looking at. I'm going to pull the trigger real soon. Thanks for the tip, RLeep! I was reading about Oconaluftee...I'm really excited to fish that drainage.
