Last minute warm water jam (organized on FB...now extended to the greater PAFF community)

TODAY, Sunday July 7th. 5pm at County Park in Lancaster. After going into the main entrance, take an immediate left and drive down to where the road is gated. We will be fishing the Conestoga from that area upstream to the Duke St bridge. We're chasing any and all uglies! Carp, smallies, panfish, no chubs allowed, and yes they do stock muskie in this stretch of the 'Stoga.
