I'm just throwing a brief post about the Fish N Chips event here in the Beginner's Forum. Please see the Events forum for info about this event. It is sort of a newbie event but is certainly open to everyone. Great chance to meet PAFF members and put faces to board ID's. Also a chance to get pointers from experienced FFer's.

Old Lefty will be doing a casting demo and I will be giivng a tyng demo on the Compardun and the Stimulator.

Come join us for a really fun time on and off the water.
