A fly fisherman's first experience of the West is unforgettable. I was like a kid in Disney World when I first saw Colorado. It's just unforgettable.

I don't think it can be said any better than this.

I also have a special palce in my heart for CO, I had my first fly fishing experience on the Blue River in Breckenridge.

Looks like an awesome trip, thanks for sharing the pics. Congrats to your sister on catching one fine cutthroat!
