Selling an Orvis Access, 5wt, 4pc, mid-flex. 8'6. Comes with sock and tube. I'm not sure how orvis is with their warranty, but I never sent in my registration card so that may still be good for you too. Very lightly used, maybe a few minor scratches and cork wear. I've only owned it for 4 months. Moving up to the superfine touch and the wife says I must part with some of my junk. Retail is \$395, I'll let it go for 250 OBO.
