Yo I seriously don't want to get in a tit-for-tat, offend anyone, or try to make this "about me". Dead serious. It could be a generational thing. I can't relate to what this guy was going through, maybe others on this board can relate to it, or at least are much closer to being able to relate to it than I am. For real, if it's really in bad taste or a bit offensive to the older generation, by all means, delete it. I kind of get, after thinking about it, what DGC is sayin'. I didn't mean to expose this man's weakness in public.
