I definitely like them. They have a fairly broad selection, and the hooks all come really sharp. I've never bought any of the more expensive brands though, other than a couple packs of mustad nymph hooks that I bought before I heard about Allen. I can't see myself ever spending more on hooks when these work just fine. I actually caught their half off sale the other week, and got a bunch of hooks for like \$1.50 a pack! It was awesome! If you buy from them make sure you subscribe to their email list so you don't miss the specials.
