Oh, it was a lovely video. Lots of assistance by showing you houses in the distance, distinct woodpiles, and a big ole arrow to the fishes' holding spot.

I suspect anyone familiar with this creek would've been able to easily identify the house in the distance.

Very good observations, Gfen... and your point?

I would suspect that anyone familiar with the location of any picture or video can tell where it's at...

Come on now. You know what his point is. To stir the pot. It is all he has.
